### **CARMEL PRESBYTERIAN WEEKDAY SCHOOL PHILOSOPHY OF DISCIPLINE**

One of the purposes of Carmel Presbyterian Weekday School is to foster the development of self-discipline. We believe positive methods of guidance contribute more to the development of self-discipline than do negative ones.

***Techniques of behavior management in use include:***

1. Positive reinforcement.
2. Ignoring unproductive behavior that is not destructive to people or property.
3. Redirecting children to other areas of the room or to new activities.
4. Withdrawal of privileges.
5. Time out.

By using these techniques, children learn to redirect their energy into constructive outlets and learn to take responsibility for their own actions.

***The purpose of all existing limits at Carmel Presbyterian Weekday School is twofold:***

1. Safety
2. Consideration of others.

---

### **ACKNOWLEDGMENT OF DISCIPLINE POLICY**

I have received a copy of the discipline policy of Carmel Presbyterian Weekday School. I have read and understand this policy.
