**Photo Release Form**

The teachers at Carmel Presbyterian Weekday School (CPWS) take pictures of the children throughout the year to illustrate the many activities in which they are engaged. Some photos will be displayed in the CPWS hallways and/or rooms and used in books made by the teachers or children.

Some of the pictures taken may be posted on the CPWS website for parents to view and share with family members. (The children's names will not be used when posting photos on the website.)

I grant permission to CPWS to electronically record my child's image during school activities, which may appear in the forms described above.
